

Electric Vehicles

14 September 2010

Thames Valley Chamber

Introduction

- Presentation structure
- PBA experience
- Progress!

Existing Technology (1)

- Recharging units

PodPoint

Elektromotive

Chargemaster

Coulomb
365

Park and
Power

Existing Technology (2)

- Vehicles & recharging times

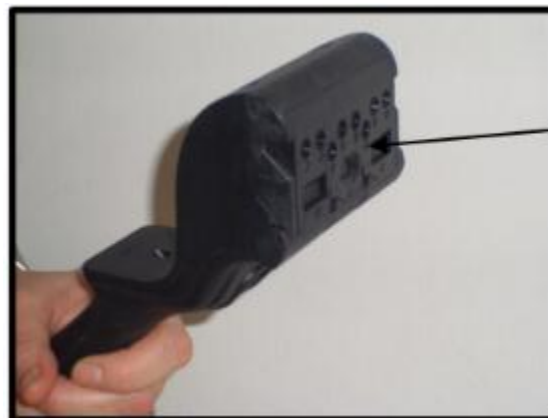

Funding & Benefits

- Funding – e.g. Plugged in Places
- Government Grants
- Associated benefits

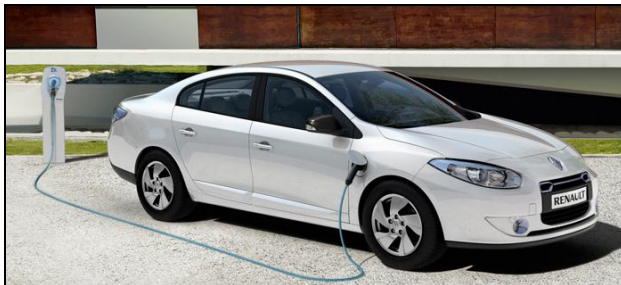

Current Cautions

- Lack of standardised equipment
- Vehicle purchase costs & resale value
- Management of the network
- Electricity generation & impact on grid
- Range & recharge time

Future Developments

- Batteries
- Recharging
- New recharging units and vehicles

- Be aware of developments
- Is it an option for your business?
- Could you support employees?
- Funding opportunities
- Bulk procurement
