

# International Technology Conference

Wednesday 17<sup>th</sup> May 2017

Microsoft - Reading

#TVTechConf

**Topic: Latest Technology Trends, Insights and Case Studies from Industry Leaders**

The highly anticipated Thames Valley's International Technology Conference is in its fourth year and will bring together world class leaders and practitioners from across the globe, many of whom are defining the next generation of digital experiences and turning them into a reality. More than 200 local and international businesses focussed exclusively on the tech industry will be discussing the latest in technology trends and sharing insights.

This action-packed day will include educational content, case studies, interactive panel discussions, media opportunities and much more. Some key topics for the day include; Key Factors Driving the Digital Revolution, the UK's position on Smart Urban Growth, Extracting Big Knowledge from Big Data, The Digital Age, Transformation and its Impact on Business, Medicine Technology Advances, Artificial Intelligence, Robotics, Gamification for Learning, Future Employees, Education and the Job Market, Augmented Reality + so much more.

09:00 - 16:00
