

TOMORROW'S LEADERS

Tomorrow's Leaders is an exciting new initiative to help identify, recognise and support future leaders within the Thames Valley business community. Designed to utilise the Chamber's diverse and established events programme, Business Alliance and Lead members are encouraged to nominate an individual from within their organisation whom they believe may represent the future and their company ethos.

Elected nominees will participate in a series of profile-raising and learning opportunities whilst enhancing their skills and career development including leadership pieces, sharing expert viewpoints, video interviews and tailored networking events.

The programme celebrates and recognises the achievements of Tomorrow's Leaders and champions organisations who develop, enhance and identify new talent.

Exclusively Available to Lead and Business Alliance Members

WHO IS IT FOR?

The programme is available to companies of all sizes and sectors in Lead and Business Alliance tiers. It is of most interest to businesses seeking to develop entry or middle management staff into leadership positions.

HOW DOES IT WORK?

Chamber members that belong to the Lead and Business Alliance tiers can nominate an individual from their organisation for the programme. To participate please email your account manager to start the process.

WHAT'S IN IT FOR TOMORROW'S LEADER?

- ❖ Access professional and personal opportunities
- ❖ Grow personal reputation and influence
- ❖ Contribute to future-proofing the Thames Valley, sector(s), society and policy
- ❖ Build and practice transformation and leadership capabilities
- ❖ Develop professional and social networks
- ❖ Be nominated for Tomorrow's Leader of the Year Award

*Ready to make the most of
the Chamber's network?*
