

Thames Valley Chamber of Commerce are pleased to introduce AXA Health for their business healthcare cover.

As AXA's UK health and wellbeing specialists, AXA Health will be your health partners to keep your business healthy and happy, and help your employees bring out their best selves. Whatever healthy looks like for you and your team, we're here to help you get there, building a wellbeing culture throughout your organisation – no matter how big or small.

Because we know that every business is unique, we think that the best way for you to get the healthcare cover that's right for you and your team is to let you build your plan yourself. We offer a range of cover options and benefits for you to choose from, so you can create a plan that best suits your business and your budget.

Regardless of the healthcare benefits you choose, everyone covered will have access to:

- **AXA Doctor at Hand** – Unlimited access to our 24/7 online GP service, AXA Doctor at Hand (powered by Doctor Care Anywhere). This gives you and your team access to a 20 minute appointment with a GP at a time and place that suits you. Appointments are subject to availability. Doctor Care Anywhere's fair usage policy applies
- **Heart and cancer nurses** – Our experienced cancer and heart nurses make sure no one has to find their way on their own when diagnosed with cancer or a heart condition. They're available at the end of the phone 24 hours a day, every day of the year
- **Working Body** – With Working Body, you and your team aged 18 and over can talk to a physiotherapist over the phone without the need for a GP referral. They'll assess the symptoms, talk about what they could mean, and help plan what to do next
- **Proactive Health Gateway** – Providing you and your team with online access to wellbeing support that's tailored to your individual goals. You can use the AXA Health Age calculator to find out your 'Health Age' and follow in-depth guidance and make suggested changes to get healthier

Free access to Health at Hand for all Chambers of Commerce members:

Have you ever struggled to sleep at night or concentrate at work because you've had a health worry on your mind? Or have you ever had a question about a prescription that you've been given? That's where our Health at Hand service can help. Health at Hand is our 24/7 health information telephone

line that gives you access to our team of nurses, midwives, counsellors and pharmacists.¹ Whatever your health question or worry, our team is on hand to help put your mind at ease, day or night. Regardless of whether you have healthcare cover with us or not, we're offering all Chambers of Commerce members **free access to Health at Hand**. You simply need to [complete this form](#) to activate this service.
