WINDSOR DEBATES

Leadership

17th March 2023

Vicars' Hall, St. George's House, Windsor Castle, Windsor

The Windsor Debates

As the Chamber's flagship event, Windsor Debates formulates clear and decisive messages that help shape and frame TVCC's strategic policy direction and wider programme of activity. New insights emerging from these events are fed into our **[Business Manifesto](#)**, which outlines the opportunities and challenges the Chamber wants to champion in the year ahead.

During the Debates, at which the Chatham House Rule applies, topical subjects provide opportunity for thought-provoking, lively and insightful discussion among our attendees - a select number of key influencers, industry leaders and subject matter experts.

Leadership

Inspired by the guiding principles and ethos of our venue, the theme for our March 2023 Windsor Debate will be **Leadership**. We will take the opportunity to celebrate the region's **leaders and their qualities** across a range of themes that businesses are currently facing, and those being considered in board rooms across the region.

Our developing programme is outlined below. Steering our Windsor Debates we welcome, once again, our Chair and Facilitator, **[Iain Anderson](#)**, Executive Chairman, H/Advisors Cicero.
