

GOOD GROWTH FOR CITIES REPORT

HIGHLIGHTS FOR THE THAMES VALLEY

The **PwC Good Growth for Cities report** looks at how the radical reshaping of public and private sector roles would help our cities respond to current challenges, while at the same time steer us towards growth and genuine levelling up.

Three of the **top nine** cities in the report are located in the Thames Valley. Oxford, Reading and Swindon are all top performers with a high share of economic activity in the professional, scientific and technical sectors.
