The size of Indonesia means that there are opportunities across all sectors. However, the following sectors are currently particularly attractive:

- Renewable Energy
- Sustainability
- Manufacturing & Technology
- Niche Technology
- Healthcare
- Digital
- Education
- Professional Services
- Food and Beverages
- Retail

Seize this chance to learn about the current business environment, identify agents or distributors, navigate market access challenges, or explore BritCham Indonesia's membership.

To book a 1-2-1 speed meeting with Chris, please send an email to
