

Professional & Financial Services

T V C C J A P A N D E S K

UK–Japan trade and investment flows create demand for advisory, legal, finance and risk services supporting cross-border expansion, deals and compliant market entry.

Why This Sector Matters

- Total UK–Japan trade in goods and services was £33.4bn (four quarters to end Q3 2025).
- Japan’s inward FDI stock in the UK was £102.0bn (end-2024), showing deep investment links.

Opportunities for UK Businesses

- Provide project finance, PPP advisory and transaction support for cross-border activity.
- Deliver legal, regulatory and contractual services for market entry and partnerships.
- Support ESG reporting, governance and risk management aligned to international standards.

Opportunities for Indian Investors

- Invest in UK projects and services platforms, leveraging London’s global finance ecosystem.
- Partner with UK professional services firms for European market access and compliance.
- Form co-investment and risk-sharing structures for infrastructure and innovation projects.
