

## Fundraising for state of the art medical equipment for our NHS hospitals

Scannappeal and Buckinghamshire Healthcare Charity have united to  
create one stronger charity supporting healthcare transformation.

### Our Purpose

Support better local health for everyone

### Our Charity Pillars

Supporting community programmes & education for improved health & early diagnosis  
Equipment & technology to enhance care & convenience for patients & staff  
Enhancing the settings & experiences that shape everyday care

**1 in 4** of the local population  
benefit from Scannappeal funded equipment

### Our Largest Ever Appeal – Cardiology

This new appeal will help fund cutting-edge diagnostic and treatment equipment. From advanced imaging technology to the latest in minimally invasive intervention tools, the new cardiology facility will provide faster, safer, and more effective care for thousands of local heart patients each year.

With cardiovascular disease costing the UK economy £26bn and affecting 8 million in the UK, can you help us transform future healthcare?
